Read James 1:16-25
Quickly me, O Lord, according to thy word. (Psalm 119:107)

In the entry for Oct. 11, 1775, in his Journal, Francis Asbury wrote of the Bible: "Other books have too great a tendency to draw us from this, the best of books; I therefore intend to read more in this, and less in all others." This would be a good resolution for all Christians.

Through holy scripture, God reveals Himself to man. Herein we find the story of how God has dealt with man. He is active in human history; nothing is outside His concern. He reveals Himself supremely as love in Jesus Christ. He gives the church special responsibilities and power with which to discharge its duties.

God also reveals the depths of our lives in the Bible. In the mirror of scripture, we see ourselves as we really are. Every character and every encounter in the Bible can help us understand ourselves. The Bible is God's word to you and me. Soren Kierkegaard says it is "a letter with my name on it."

Prayer:
O God, who hast given us the Bible as a place to meet Thee, grant that, through the inspiration of the Holy Spirit, we may be grasped by its message. Sharpen our minds, cleanse our hearts, and bless the work of our hands. In the name of Jesus Christ, the word made flesh. Amen.

Thought for the Day:
In the Bible, God confronts me with the truth about my life.

Life Is Key For Sunday's Lesson-Sermon

"Life," one of the key terms through which Christian Scientists seek a deeper understanding of the nature of God, is the subject of this week's Lesson-Sermon in all Christian Science churches. Other key synonyms for God to be taken up in succeeding weeks are: Truth, Love, Spirit, Soul, Mind.

"Ignorance of God is no longer the stepping-stone to faith," states the denomination's textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy. "The Only guarantee of obedience is a right apprehension of Him whom to know aright is Life eternal."

The Golden Text is from I John and reads: "This is the record, that God hath given to us eternal life, and this life is in His Son."

A seed of faith, a drop of mercy or a spark of love has more lasting results upon mankind for eternity than all of the machines, missiles and mighty weapons of the Atomic Age put together. Coin Collectors To Aid March Of Dimes Campaign

"You might say our March of Dimes coin collectors are like piggy banks," stated H. B. Asaph, who has been placed in charge of this important program in San Diego County.

"We keep putting money into each until they're full. But then comes the difference. The piggy

bank money goes into a bigger bank to be saved for old age while the March of Dimes money goes to work right away to make a young age possible for birth defect children."

Asaph, who resides at 3302 Fifth Ave., explained that a great deal of the money raised by the March of Dimes last year went to provide improved care and treatment for birth defect victims through more than 50 birth defect treatment centers, affiliated with university and community hospitals and staffed by teams of medical experts.

"Millions of mothers of birth defect babies must continue to ask: 'Why,' " Asaph said. "So, we must expand the March of Dimes scientific research program to find more answers to that tragic question."

Feature of the month-long drive will be the annual Mothers' March, Monday, Jan. 31. San Diego County chapter officials hope to obtain \$160,000 from this year's January drive.

The show will be available also on Jan. 22 and 29. Reservations may be made by telephoning 233-7555. Actors Quarter Theater is located at 480 Elm St. in downtown San Diego.

Gifts Given For Memorial Fund

Gifts to the San Diego County Heart Association's Memorial Fund totaled \$2,843.04 during the month of December and 318 individual gifts made up this sum, Steve G. Oberg, Memorial Chairman, announced recently.

Honored by the gifts were 252 county residents and 66 out-of-county residents.

Memorial donations for the first half of the Heart Association's fiscal year totaled \$15,731.98 compared with \$13,413.39 for the previous period in 1964, Oberg said.

"Because Memorial gifts support research and services to improve the heart health of everyone, more and more people are giving to the Memorial Research Program of the local association as a lasting tribute to friends and relatives," Oberg explained.

The persons remembered in the Spring Valley area were H. G. Coleman, 10264 Gaul Way and Mrs. Paula Juan, 9335 Crest Dr.

Big Brothers Slate Drive To Recruit New Volunteers

Big Brothers of San Diego County is currently making a concentrated drive to recruit many new volunteer big brothers during National Big Brother Week, which will end Sunday.

"At present, we have 41 big brother-little brother teams, but we have set a goal of 75 for 1966," said local president Michael I. Greer, noting that there are 11,000 fatherless boys in this area.

"Not all of these lads need

big brothers, but a certain number of so-called problem boys desperately need the help and a big brother, and that's why we need more big brothers who will devote from 3 to 4 hours per week to fatherless boys between the ages of 8 and 16."

"The important contribution we make is through the concept of a therapeutic friendship between a responsible male adult and a troubled boy who has no adequate masculine figure with whom to identify."

"The Big Brother Program, which has been in operation nationally since 1904 works wonders with these fatherless boys," he added.

Any man wishing to get more facts about being a big brother is asked to call the local headquarters in the Robinson Building at 234-9153.

Family Hobby Show Tonight

The Golden Avenue School PTA will present a family hobby show at the monthly unit meeting tonight at 7:30 in the school cafeteria.

Dr. Norman Wollitz will be the hobby show coordinator and speaker. Child care will be provided.

"Spring Valley? I love it here. The weather is so much warmer than Bederkesa, Germany, where I came from."

So says 16-year old Dorothea Fischer, who came from her native Germany recently to stay a year with her uncle and aunt, Dr. and Mrs. Wolfram Fischer of 8815 Belwood Ct.

Dorothea, who speaks English fluently (having taken four years of the language in Germany), is a 10th-grader at Mount Miguel High School. She is a music major and has honors in history and English. She is currently tutoring another student in German.

Coming to the United States by plane, Dorothea embarked at Bremen, then by way of London to New York.

In New York she was amazed at the vastness of the city, its noise and places of interest. She was especially intrigued with the Empire State Building and the view it affords of the city and the surrounding areas. She stayed a few days with relatives in Providence, R. L., before boarding another plane, which took her by way of Phoenix, Ariz. to California.

How do the boys and girls here compare with those in Germany? They are about the same, Dorothea said. They dress the same and like the same type of entertainment. There is a lot of American music played in Germany. The German kids like rock 'n' roll just as the American youngsters do. Dorothea said she likes rock 'n' roll but prefers good, classical music.

Dorothea Fischer is sports-minded, loving football, basketball and bowling. She said she has done a bit of bowling but is not sure of her average.

Asked if the high schools in Germany have a driver-education program, she replied "no." She said a boy or girl can take driver-education at evening school, but most of them ride motorcycles or bicycles. She said she will take driver-education at Mount Miguel in February.

What are her plans while staying here? Mostly to learn more about the American people and to become more proficient in the English language, Dorothea stressed.

Tax Deductions Possible For Flood Damage Victims

San Diego County victims of the recent rain-torn damage may claim tax deductible losses in most cases, according to Robert A. Riddell, Los Angeles District Director of Internal Revenue. An explanation of the rules covering Federal income tax treatment of losses suffered by property owners was offered by the Internal Revenue Service.

Since the income tax treatment of such casualty losses for property used in a trade or business differs from that for property of average householders, two explanations were given.

For tax years beginning after Dec. 31, 1963, a casualty loss to property used for personal purposes is deductible only to the extent that the loss exceeds \$100.

Tax Rebate Checks To Be Received

More than 3,500 excise tax rebate checks will be sent to purchasers of roadster and station wagon versions of the new Ford Bronco, M. S. McLaughlin, assistant general manager of Ford Division of Ford Motor Company, has announced.

Damage To Plants

If uninsured trees or shrubs were damaged or destroyed, a deduction is entitled for the amount that damage reduces fair market value of residential property as a whole, subject to the \$100 limitation.

If the flood damage to the property is repaired, the cost of restoring the property to its pre-flood condition less any insurance recovery may serve as a measure of the deductible loss. Examples of expenses representing the cost of restoration are: Repairs to the house, fences or garage; removal of mud and debris; repairs to damaged furniture and appliances; replacement of lawn, shrubs or trees.

Total Destruction
In the case of business property or property held for the production of income, total destruction results in a deductible

SDG&E To Spend \$22.5 Millions

SAN DIEGO—The San Diego Gas & Electric Company will spend an estimated \$22.5 million for construction during 1966 mostly to meet anticipated needs of the growing area for gas and electric service, according to J. F. Sinnott, president.

Noting that 1965 was a year of record accomplishment, Sinnott said that SDG&E expects continued expansion and progress in its service area for many years to come.

Reflecting growth of the area during the past year, the Company was serving some 380,000 electric customers by the end of 1965, an increase of about 11,200 over 1964, and some 308,000 gas customers, an increase of about 7,400 over 1964.

Earnings for the 12-month period ended Dec. 31, were expected to be between \$2.56 and \$2.59 per share of common stock on gross revenues of \$106,500,000. For the same period in 1964, earnings were \$2.37 per share of common stock on gross revenues of \$102,669,302.

Scouts Schedule Pancake Breakfast

Boy Scout Troop 371 will stage a pancake breakfast Saturday between 7:30 and 10 a.m. at Trinity Presbyterian Church, 3902 Kenwood Dr., Spring Valley. The public is invited.

Breakfast will be served in the church patio if weather permits or in the fellowship hall in case of rain. Tickets are priced at 60 cents and may be purchased from the individual Scouts or at the door.

The fund raising event is intended to help the recently organized troop to purchase equipment required to carry on a vigorous scouting program during the next six months, according to Scoutmaster Ron Simpson.

Fickas To Speak

George Fickas, a member of Lemon Grove Rotary and the Spring Valley Toastmasters, will be the guest speaker at the Friday luncheon-meeting of the Spring Valley Rotary Club.

The luncheon begins at 12 noon in Henry Langhorne Restaurant, Jamacha and Sweetwater Springs Blvds. Fickas's talk will be "on and off the cuff," according to Jim Smith, vice president of the S. V. club.

loss of the amount of the adjusted basis of the property minus any salvage and any insurance or other compensation received or anticipated.

If the business property is partially destroyed, measure the loss by comparing the decrease in fair markets due to the storm with the adjusted basis of the property. The loss sustained for tax purposes is the lesser of the amounts reduced by insurance or other recovery.

Casualty Losses

Casualty losses are generally deductible only in the year in which the casualty occurred. Riddell pointed out. Losses from the flooding just experienced will be deductible on tax returns filed for the year 1965. This is true even though the damage may not be repaired or replaced until a later year.

Detailed instructions in reporting such deductible losses are available on request from any Internal Revenue Service Office. A special publication, Document 5174, treats disasters, casualties, and thefts for Federal income tax purposes.

'Pipeline To Poway' Is Theme For Camp Fire Girls Peanut Sale

Proceeds from the 1966 Camp Fire Girls Peanut Sale will provide a "Pipeline to Poway."

The 14th annual Camp Fire Girls Peanut Sale goes into effect Friday and will continue through Jan. 30. Monies from the annual sale will provide a water pipeline to the council's primitive campsite in Poway, S.

Stacey Sullivan, council sale chairman, said.

The purpose of the Peanut Sale is to provide funds to maintain and improve the three county campsites in the San Diego County Council of Camp Fire Girls, Sullivan said. The camps are located in Poway, Cuyamaca and Balboa Park.

Some 5,000 Blue Birds, Camp Fire Girls, Junior Hi Camp Fire Girls and Horizon Club members will take part in the two-week long sale. Girls from all parts of San Diego County, except Oceanside, will be selling peanuts in residential developments, industrial areas and shopping centers.

The 1966 peanut product is a Tri-Pak of toffee, Spanish and Virginia peanuts packed in reusable plastic containers and housed in a red, white and blue carton, Sullivan said. The Tri-Pak sells for \$1.

Each Tri-Pak sold will provide four inches of two-inch pipeline, Sullivan explained. Some 2500 feet of pipeline is needed to bring water to the primitive site in Poway, Sullivan said.

District Peanut Chairmen serving on Sullivan's committee include: Mrs. Thomas Dalbey, Felicitia District; Mrs. Leonard MacFaden, Heartland District; Mrs. Howard Harvey, Marine Mesa District; Mrs. Glenn Fuhrman, Metropolitan District; Mrs. Gary Wise, North County District; Mrs. Franklin J. Lash, San Diegoito District; and Mrs. Dorothy Woodend, South Bay District.

Camp Fire Girls is a national youth organization open to all girls from seven to seventeen. The local council is an agency of United Community Service.

Purchase Of Boiler Unit For Mt. Miguel Approved

The Grossmont Union High School District Governing Board, at its regular meeting Monday, heard presentations by the Grossmont Union High School District Teachers Association and the Grossmont Chapter of the American Federation of Teachers on salary proposals for incorporation in the 1966-67 budget. The Board referred the proposals by both associations to the District administration for study and analysis of cost involved.

In further action, the Governing Board authorized the letting of a bid for the purchase of a sectional boiler as replacement for Mt. Miguel High School, with funds for the purchase to be taken from Undistributed Reserve; Reserve as the amount

of approximately \$3,200 Undistributed Reserve as the amount to be paid by the District to replace a school bus recently demolished in a car accident and approved a letter to be written to Max Streicher, Foreman of the San Diego County Grand Jury, in answer to a recent request that districts indicate an outline of their present curriculum on sex education, this survey having been prompted by a reported alarming increase in venereal disease among teenagers in the County.

It also received a resolution from San Diego County Board of Supervisors commending the District band program and authorized the District administration to write the appropriate letters to the Board of Supervisors and the District band directors.

WITH ED LOOP
Leave it to the ladies to find new uses for all kinds of office equipment; uses that are NOT listed in manuals or advertising brochures. We had a couple of darlings in our store the other day who asked us to copy some patterns on our photocopier machine. Our machine did an excellent job, we are proud to say, and we are expecting all the knitters, tatters, crocheters and seamstresses to beat a path to our door.

Next week we hope to have a few Bargain Tables in operation; this is a useful thing with us every year. Seems that people order stuff from us; useful items but things we do not have in our regular stock, then they forget to pick up these items so we have bargain tables to clear our shelves. Everyone benefits from this system. Don't forget to call Grove Office Supply telephone 463-4494 or stop and see us, we are located at 7890 Broadway in Lemon Grove. Good service and fair prices.

Seven Seas Students Feted By Bombay Gov.

An open-air reception held by the governor of Bombay for the students and faculty of the M. S. Seven Seas, the floating campus of the Seven Seas Division of Chapman College, in Orange, Calif., was the climax of a five day visit to India's famous city.

In the group of 300 who have traveled more than halfway around the world since their departure from New York in October were Patricia Lee Hill of Lemon Grove, and Tamara Mansfield of La Mesa, both Mt. Miguel graduates.

When the ship slipped into its berth at this ninth port of call, a white uniformed band struck up an American tune and the crowd on shore offered the travelers a rousing welcome.

The highlight of the first day in Bombay was a reception held by the Indian University students in honor of the Seven Seas students at the plush Radio Club. The entertainment was colorful local songs and dances.

Ideal Way

The Indian government in Bombay in concert with the University, arranged to have some of the students spend the night as guests of Indian families in their homes. Many students felt this was the ideal way of getting to know other peoples first hand.

Before arriving in Bombay, the ship stopped for several days in Egypt where most of the passengers took a two day side trip to Luxor, part of the ancient Egyptian Empire, Thebes. They saw the Luxor Temple, private temple of the god, Amun-Ra, and the Karnak temples for the family of Amun-Ra and the Valley of Kings.

They inspected the mosque and school of Sultan Hassan and an ancient fortress that dominates the city of Cairo. They rode camels from the Egyptian village of Giza to the foot of the

pyramids and Sphinx and climbed the pyramids vast interior to inspect the tombs of King Cheops and his queen.

City Of Contrasts

After leaving India the ship docked in Port Swettenham, Malaysia, where a visit to the beautiful city of Kuala Lumpur was arranged. The students found it a city of fascinating contrasts. They saw Moorish-style buildings, Chinese and Indian temples, and Malaysian Mosques alongside modern skyscrapers, a new Parliament building and winding freeways.

The day the Seven Seas sailed from Malaysia, the ship crossed the equator and all the landlubbers and pollywogs were initiated into the realm of King Neptune by members of his court (the officers of the ship). By the end of the afternoon and a rigorous "but fun" initiation, each student had become a shell-back, a highly honored position for sea travelers.

The good example city of Bangkok, Thailand, hosted the educational travelers after Christmas. The hospitality they have received from peoples of other lands in the many ports they've entered will long serve as an example of world friendship for the students from Chapman College's floating campus.

They greeted the New Year in Hong Kong. Besides the warm welcome they got from the Chinese and the students and faculty at the University, the group had the opportunity to participate in the convocation assembly back home at Chapman College.

Through the generosity of the Pacific Telephone Company a telephone line was cleared from Orange, California, to a hotel room in Hong Kong and while Chapman's student body listened over a loud speaker members of Chapman's faculty and student government spoke to the Seven Seas Division. The phrases, "This is the greatest!" "You've all got to take this trip!" "This is the most exciting experience of my whole life!" and "It's more than I ever dreamed it could be!" etc. were repeated over and over as the students talked to their colleagues in the United States.

Flags Flying

The ship will go to Japan, Kobi and Yokohama, before it departs for Honolulu and home. It will come into San Pedro with all flags flying on the 4th of February, and will be met by hundreds of Chapman Panthers, Orange Countians, Los Angelesans, and others who can make the trip to the harbor to welcome back the world traveling students.

The ship will depart again from San Pedro six days later, on Feb. 10th. Although some will stay on board for the second voyage, most of the faculty and students on the spring trip will be new.

Ted and his brother, Wayne, along with their father, Ralph, operate stations at 1859 Englewood Dr. and 1790 Main St.

WALKER'S TEXACO—Wally Walker, left, and Bill Walker, a father-and-son team, are co-owners of this station at 3115 Bancroft. They have operated it for four years. The Walkers specialize in major and minor overhauls along with their own valve grinder and tune-up equipment. They offer free pick-up and delivery service.

JEWETT'S RICHFIELD—Everett Jewett, owner of Jewett's Richfield at 3775 Massachusetts Ave., shows his fine display of antique car emblems which he has collected since 1930. Included in the 40 emblems are a Franklin, Maxwell, Oldsmobile and Chandler, all in the early twenties. Jewett has been in the business for 35 years. He has been at his present location for 4½ years.

SWEETWATER DOUGLAS—This station, owned by Jim Martin, serves the public 365 days a year. "We never close," said Martin. He has been owner of this station, located at 2835 Sweetwater Rd., for three years. He employs five men and features complete automotive service with a mechanic on duty.

SMITTY'S RICHFIELD—This station offers a complete line of Goodyear tires among its many automotive services, as shown by owner Dick Smith. The station is open from 7 a.m. to 9 p.m. six days a week and from 8 a.m. to 9 p.m. on Sundays. Smith has been in the business for 7½ years, all at the same location, 8001 Broadway.

Present Gas War Not New

The present gas war is not a new one, according to Al Williams, International Service Stations Association, San Diego chapter president.

"It is a carry over from the one that was started last November," relates Williams.

He adds, "prices have been up and down four or five times since October. The gas war was started when an independent dealer came into town and in an attempt to up his gallonage, he lowered his prices, thereby causing the major oil companies to do the same."

"Several times, the major companies have sent their prices back up but each time the independent has refused to go back up in his price, causing everyone else to drop again."

Pipelines Furnish Gas

Most of the gas and oil products which come to major oil company distribution centers in San Diego County come from a large pipeline from Los Angeles.

The pipeline runs from the Los Angeles oil fields to a location near Friars Rd. in San Diego, where numerous major companies have located their distribution offices.

RUSS' CHEVRON—The lubing of an automobile is one of many services which service stations perform. Here Russ Lurcock applies finishing touches to a foreign car on his rack at the station, which is located at 9950

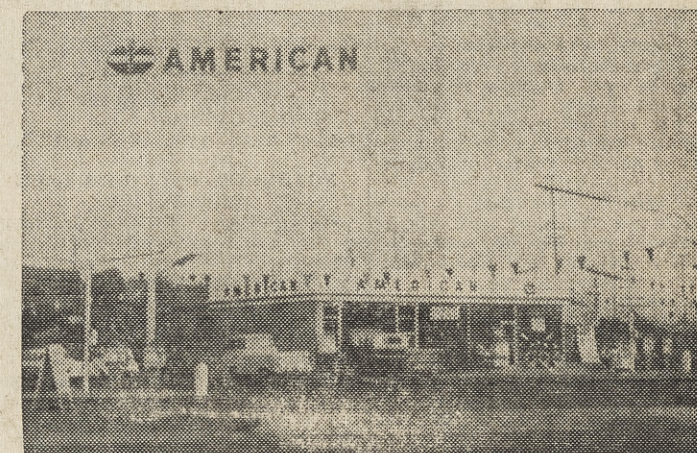

Campo Rd. Lurcock has owned the station for 15 months and will be moving into a new station across the street around April 1. His station specializes in electronic engine tuneups.

ISSA Chapter President Claims 'Too Many Stations'

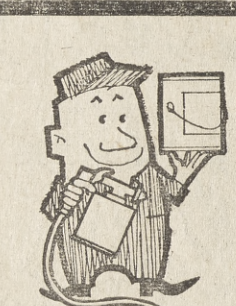

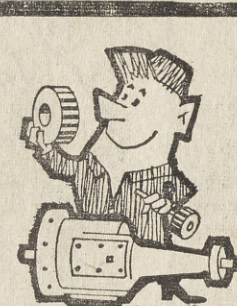

"Service stations are a big business. Too big a business," investigation on future issuing of licenses so the area would not continue to be overbuilt.

He is also for state licensing of service stations. "The public does not have the protection it should have. When a motorist comes into a station, he should feel that the person taking care of his car knows what's going on. Frequently, the reverse is true. In some cases, the car is damaged," relates Williams.

He is of the opinion that service stations would be upgraded 100 per cent by state licensing.

FREEWAY AMERICAN—This is the newest station in the Lemon Grove-Spring Valley area. It is the first station for owner Howard Rosenberg, who opened the College Ave. at State 94 station Nov. 12. It is open from 6 a.m. to midnight seven days a week. Rosenberg, who previously operated a garage, offers both domestic and foreign car service.
